2004–6 I.T. technician at Colchester Royal Grammar School

## Skills

- **An impeccable grasp of English spelling and grammar.** I write for pleasure, and enjoy communicating ideas with flair, clarity and concision.
- **An eye for aesthetics, design, and presentation.** I adore understated typography and functional communication.
- **Problem-solving and strategic thinking.** I will thrive in an intellectually challenging workplace.
- **An understanding of algorithmics and a comfortableness with formalism** — for example, I am familiar with Big-O notation, and I have an interest in formal verification.
- **I.T. experience of the following, with varying familiarity:**

C, C++, D, Java	Python, PHP	Haskell	Javascript, CoffeeScript
jQuery, jQuery UI	NodeJS	HTML5, CSS3	XML, JSON, <del>etc.</del>
Revision control ( <b>git</b> )	xUnit, TDD	MVC (Django)	SQL
Photoshop, The GIMP	Inkscape	TEX, L <sup>A</sup> TEX	OpenOffice, MS Office
Linux, Windows	Networking (small-scale)	Misc. sysadministration	

## Personal

I enjoy exercising (going to the gym, and failing that, going for long runs). I love hours walking and enjoying pints with friends.

I also have several solitary hobbies. I draw and paint, having executed many commissions. I read overly difficult books. I love infographics, typography, and typesetting, and I enjoy critiquing such things on my blog.

In time past, I've travelled Europe via inter-rail with a group of friends, and I would one day love to travel abroad with my girlfriend, teaching English as a foreign language.
