Mobile tel. no. 07951 498 897

Skills

An impeccable grasp of the English language. I write for pleasure, and enjoy communicating ideas with flair, clarity and concision. I believe this is a prerequisite of being an effective programmer.

An eye for aesthetics, design, and presentation. I adore understated typography, functional communication, and interactive design. I not only apply these principles to documents I produce for print and for the web, but apply graphical and spatial thinking to general problem-solving.

Problem-solving and strategic thinking. I will thrive in an intellectually challenging workplace. I quickly tire of routine tasks and strive to eliminate them.

An understanding of algorithmics and a comfortableness with formalism. I am familiar with Big-O notation, and I have an interest in formal verification (which is the topic of my MSc individual project).

I.T. experience of the following, with varying familiarity:

C, C++, D, Java	Python, PHP	Haskell	Javascript, CoffeeScript
jQuery, jQuery UI	NodeJS	HTML5, CSS3	XML, JSON, &c.
Revision control (git)	xUnit, TDD	MVC (Django)	SQL
Photoshop, The GIMP	Inkscape	TEX, L ^A TEX	OpenOffice, MS Office
Linux, Windows	Networking (small-scale)	Misc. sysadministration	

Education

2004–6	I.T. technician at Colchester Royal Grammar School

Personal

I enjoy exercising (going to the gym, and failing that, going for long runs). I love hours walking and enjoying pints with friends.

I also have several solitary hobbies. I draw and paint, having executed many commissions. I read overly difficult books. I love infographics, typography, and typesetting, and I enjoy critiquing such things on my blog.

In time past, I've traveled Europe via inter-rail with a group of friends, and I would one day love to travel abroad with my girlfriend, teaching English as a foreign language.
